

Grid Ref: 253411 790479 Distance to development: 11.2km AOD: 346.9m

Scale: 1:25,000 @A3

Stop on the A86 at Camus Cillein next to a small stone hut advertising quad biking tours. Just to the east of this location walk up a rough track which passes through woodland onto the open hill. After 300m this joins another, larger track. Continue uphill for a further 600m to reach the crest of a hill. The VP is located next to the track, adjacent to a stone-built cairn.
