

## Volume 2 – Contents

- Figure 1.1 Site Location Plan
- Figure 1.2 Site Layout Plan
- Figure 1.3 Wider Site Layout Plan
- Figure 1.4 Varied Development Vs Consented Development Layout
- Figure 2.1a – 2.1o T01 – T15 Design Review
- Figure 2.2 Typical Turbine Elevation
- Figure 2.3 Typical Turbine Foundation
- Figure 2.4 Typical Crane Hardstanding
- Figure 2.5 Indicative Substation Layout – Elevations
- Figure 2.6 Indicative Substation Plan Layout
- Figure 2.7 Typical Access Track Cross Section
- Figure 2.8 Typical Lidar Plan and Elevation
- Figure 2.9 Typical Construction Compound
- Figure 2.10 Environmental Constraints
- Figure 5.1 Designated Sites
- Figure 5.2 Phase 1 Habitats: Proposed Varied Development
- Figure 5.2.1 – 5.2.6 Phase 1 Habitats
- Figure 5.3 NVC Communities: Proposed Varied Development
- Figure 5.3.1 – 5.3.6 NVC Communities
- Figure 5.4 Bat Detector Locations & Updated Bat Buffers
- Figure 5.5 Habitat Management Plan

- Figure 5.5a – 5.5f Habitat Management Plan Detailed
- Figure 7.1 Designated and Undesignated Heritage Assets within Study Area, with ZTV and Cultural Heritage Viewpoint Locations
- Figure 7.2a-b - Cultural Heritage Viewpoint 1 - Comparative Wireline from SM4567
- Figure 7.3a-c - Cultural Heritage Viewpoint 1 - Cumulative Wireline from SM456
- Figure 7.4a-b - Cultural Heritage Viewpoint 2 - Comparative Wireline from Loch Ness towards SM90309\_PiC323
- Figure 7.5 - Cultural Heritage Viewpoint 2 - Cumulative Wireline from Loch Ness towards SM90309\_PiC323
- Figure 7.6a-b - 2021 EIA LVIA Viewpoint 4 - Comparative Wireline from Achtuie Road near Creag Nay
- Figure 8.1 - Study Area with ZTV (A3)
- Figure 8.2 - Study Area with ZTV (A1)
- Figure 8.3 – Comparative ZTV of the Consented Development and Proposed Varied Development
- Figure 8.4 – Designated and Protected Landscapes with Comparative ZTV
- Figure 8.5 Landscape Character Types within Detailed Study Area
- Figure 8.6 – Viewpoints (A3)
- Figure 8.7 – Viewpoints (A1)
- Figure 8.8 – Visual Receptors
- Figure 8.9 – Cumulative Sites within 60km
- Figure 8.10 - Cumulative Sites Included in the Assessment
- Figure 8.11 - Cumulative ZTV - Proposed Varied Development with All CLVIA Sites
- Figure 8.12 - Cumulative ZTV - Proposed Varied Development with All Operational Sites
- Figure 8.13 - Cumulative ZTV - Proposed Varied Development with All Operational and Consented Sites
- Figure 8.14 - Cumulative ZTV - Proposed Varied Development with Bhlairaidh
- Figure 8.15 - Cumulative ZTV - Proposed Varied Development with Chrathaich and Loch Liath
- Figure 8.16 - Cumulative ZTV - Proposed Varied Development with Corrimony and Fairburn
- Figure 8.17 - Cumulative ZTV - Proposed Varied Development with Corriemollie and Lochluichart and Extension

- Figure 8.18 - Cumulative ZTV - Proposed Varied Development with Carn Fearn and Kirkan
- Figure 8.19 - Cumulative ZTV - Proposed Varied Development with Lynemore and Moy
- Figure 8.20 - Cumulative ZTV - Proposed Varied Development with Farr and Glen Kyllachy
- Figure 8.21 - Cumulative ZTV - Proposed Varied Development with Clune and Highland
- Figure 8.22 - Cumulative ZTV - Proposed Varied Development with Aberarder and Dunmaglass
- Figure 8.23 - Cumulative ZTV - Proposed Varied Development with Corriegarth and Corriegarth 2
- Figure 8.24 - Cumulative ZTV - Proposed Varied Development with Cloiche and Stronelairg
- Figure 8.25 - Cumulative ZTV - Proposed Varied Development with Dell and Dell 2 (Re-design)
- Figure 8.26 - Cumulative ZTV - Proposed Varied Development with Beinneun and Extension and Cullachy
- Figure 8.27 - Cumulative ZTV - Proposed Varied Development with Millennium and Millennium East
- Figure 8.28 - Cumulative ZTV - Proposed Varied Development with Bunloinn and Tomchrasky
- Figure 9.1 - Hydrological Overview – Proposed Varied Development
- Figure 9.2 - Hydrological Constraints & Watercourse Crossings – Consented Vs Varied Development
- Figure 9.3 - Hydrological Constraints & Watercourse Crossings - Proposed Varied Development
- Figure 10.1- Extrapolated Peat Depth
- Figure 10.1a – 10.1d Extrapolated Peat Depth – Detailed
- Figure 10.2 - Peat Probe Depth
- Figure 10.2a – 10.2d Peat Probe Depth – Detailed
- Figure 11.1 - Noise Sensitive Receptors
- Figure 11.2 - Shadow Flicker
